Marietta:

Debra has confirmed that, by all indications, they are the same. Thanks much, as there are lots of emails and attachments floating around.

Best,

Marietta:

Good morning! I'm not exactly sure which version of the slides and one-pager for aldicarb that Darlene is transferring to the AA at this point, but attached is the latest aldicarb slide deck (note '11232020 4:40pm' in the naming convention) per conversations with Ed during yesterday's discussion. Please let us know if you need anything else.

Regards,

Hi Marion,

Please forward the slides to the IO, when you are ready to. These are the latest downloaded from the OneDrive.

I'm about to sign off for the day.
Thanks.

Hi Marion,

Attached are the slides from the OneDrive. I downloaded them a few minutes ago and renamed with today's date and time. You can send them to Marietta, or if you would rather, I can.

Let me know.
Debra

Do you know if Marietta wants us to take down the slides from OneDrive and send them up?

I agree. I believe just elucidating on these same topics is quite enough. I don't see a need to reorganize the slides, especially at this point. If we get directed to do otherwise, as the presentation moves upwards, we can deal with it at that time.

Hi Marion,

The notes I took were:

Ex. 5 Deliberative Process (DP)

Now that I have written it out. I don't see a reason to reorganize. These may just need to be discussion points at the regulatory decision section.

What are your thoughts?
Debra

What were Ed's last comments that you thought to be impactful?

Hi Marion,

Do we want/need to reorganize the slides (or add new ones) based on Ed's last comments at the meeting on how to present to Alex? Or do we proceed with what we have and make points along the way - and in summary?

Depending on your answer, do you want to send the slides to Marietta and when?

Thanks.
Debra
